

## OXYGEN FACE MASK

---

Cod. 2323

### Features

An intensive treatment that gives an immediate energy boost to the skin of the face. Its particular texture, in contact with the air, releases a myriad of micro-bubbles that purify the epidermis revitalizing it.

Particularly suitable in case of dull and tired skin, thanks to its exclusive formula, it makes it soft, fresh and vital.

### Actives

- **Erylite:** a naturally occurring sugar with moisturizing properties.
- **Hidrolyzed soy proteins:** has remarkable antioxidant properties, able to protect from external agents. With a moisturizing and protective effect, they provide softness and smoothness to the scalp.
- **Hydrolyzed keratin:** a protein rich in nutrients that gives shine and softness. The hair will be more protected and vital.

### Action

Thanks to its innovative formula oxygenates the skin in a delicate way ensuring a deep purification from all the toxins present in the atmosphere deposited on the skin during the day.

Its particular texture is activated after a few minutes from the application creating a soft mousse.

Clean and purified, the reoxygenated skin regains all its brightness.

### Use

Apply a fine layer of mask on dry skin, leave on for 2-3 minutes until the texture turns into a soft mousse. Massage with large circular movements to make the product penetrate and then rinse thoroughly with warm water.
