

## GLOBAL EYE STICK

---

Cod. 2521

### Features

An innovative texture in a handy stick format that allows easy and targeted application for a quick result of beauty.

### Actives

- **Escin:** it has remarkable draining and detoxifying properties, useful in case of liquid accumulation (bags).
- **Caffeine:** it helps to revive the microcirculation, its action promotes the elimination of stagnant liquids.
- **Pantenol,** soothing and emollient.
- **Energizing Complex:** made up of Suma (Brazilian Ginseng), Marapuana and White Lily. It acts in a targeted manner on the bags and performs a lightening effect on the dark circles.

### Action

Its formula works to give immediate relief to the most fragile area of the face: the eye contour. Thanks to its active mix, it immediately releases the congestion of the periorcular area giving a pleasant feeling of freshness and relief. Applied as a regular eye contour, day after day, it smooths bags and dark circles, making the look more open and rested. It tightens the skin's grain and attenuates the feeling of heaviness.

### Use

Apply the stick on clean skin, gently tapping the bottom of the eye contour. Start from the inside of the eye to the outer corner to stimulate microcirculation.

**For a better feeling of freshness and comfort, the stick can be stored in the fridge.**
