

SWEET DREAMS CREAM

Cod.2544

Features

An extraordinary sensorial formula to cuddle the skin with a velvety caress. Its texture was created for a moment of pure wellness, a real beauty pause to take care of yourself. Soft, blend and fluffy as cotton, it embraces the skin making it instantly smooth and velvety.

Actives

- **Squalano:** protective skin's function, regenerates the lipid film, preventing aggression by external agents.
- **Avocado oil:** nourishing and regenerating properties. Has a softening and protective action, giving the skin elasticity and softness.
- **Vitamin E:** moisturizing and regenerating properties.

Action

This new texture with a soft and enveloping consistency creates a regenerative effect for the body. Hydrates, nourishes and protects the epidermis during sleep. Ensures a moisturizing and emollient action, restructuring the hydrolipidic film. With its softness it wraps the skin and makes it instantly smooth and velvety. A pampering beauty before going to sleep. The rapid absorption and the "silky skin" effect make the application even more pleasant.

Use

Apply generously on the body, in the evening. Gently massage until completely absorbed and leave to work overnight.
