

CORSET CREAM ultra firming shape

Cod. 2605

Features

Its enveloping and ultra-sensory texture melts with the skin and creates a corset effect that provides an immediate tensor effect. Its pleasant scent makes the application more enjoyable. For an extraordinary result of beauty.

Actives

- **Caffeine:** promotes the elimination of excess fluids and fights the formation of fat cells.
- **Escin:** has a draining and detoxifying effect, promotes microcirculation and cellular turn-over.
- **Silicaria extract:** has a remodeling and firming action, which helps to increase the capillary resistance facilitating drainage and skin firmness.

Action

Its soft and creamy texture has been created to help the massage and for a rapid absorption. It contains encapsulated micro pigments to smooth, even out and counteract skin imperfections. Its formula includes a firming active, that acts in a targeted and effective manner. The results are visible from the first application for a compact skin with a softer grain.

Use

Apply the product on the affected area, massaging with large circular gestures, from the bottom to the top. At the moment of application, the skin must be perfectly dry.
