

BUTTER FLOWER

Cod. 2613

Features

A soft, creamy texture with an enveloping scent, which guarantees the greatest hydration and nourishment to the skin. Thanks to the presence of its active ingredients, it guarantees a lasting hydration, soft and velvety touch.

Actives

- **Cocoa Butter:** contains antioxidant and anti-aging properties, which help to counteract the effects of free radicals.
- **Shea Butter:** moisturizing, nourishing and emollient properties. It has a repairing action given to the content of vitamin E, able to protect the skin from the action of free radicals.

Action

Its creamy and fragrant texture blends with the normal body temperature releasing nutrients and moisturizers. It nourishes the skin making it soft and velvety for a long time.

Use

Generously apply the butter all over the body, insisting on particularly dry areas like elbows and knees. Massage with circular movements until completely absorbed.
