

SKINTONIC PETALS

Cod. 2838

Features

Its magical liquid contains precious petals that release their virtues by merging into a revitalizing serum. For a velvety, healthy and radiant skin.

Actives

- **Genencare:** is a purified monohydrate betaine, extracted from sugar beet. Protects cell from stress and dehydration. Ensures a moisturizing and protective action.
- **Hyaluronic Acid:** Powerful moisturizer, contributes to maintaining the supporting fibers elasticity by stimulating the collagen production.
- **Panthenol:** soothing and emollient action.

Action

This innovative formula contains natural ingredients, which not only intensely hydrate, but also help the skin to remain vital while maintaining its optimal cellular water balance. By improving cell cohesion, transepidermal water loss is reduced and the skin appears more toned and luminous. It guarantees an immediate nourishing effect, making the skin soft as velvet and pleasantly elastic.

Use

Applied on the face and gently massaged, the serum penetrates into epidermis. Use the product before the usual treatments, day after day, the face finds its natural beauty.
