

OPACIZING FACE CREAM SPF 15

Cod. 2844

Features

A cream-gel mat, with a light touch, which resists sweat and moisture reducing and controlling excess sebum. The product designed for those who practice sports.

Actives

- **Litchiderm (Litchi):** it has a moisturizing and antioxidant action.
- **Aglycal Ls:** it has antioxidant and anti-free radical properties, which help slow down the aging process of the skin.
- **Emulium Mellifera:** this element has the ability to adapt to body temperature, ensuring a moisturizing and emollient action.

Action

A light touch texture, which guarantees a deep hydration of the skin, regulating the sebum production and giving an opacizing effect to the complexion. The addition of SPF 15 filter guarantees protection from sunlight. The product designed especially for those who have oily skin.

Use

Apply the product on the completely dry face, like a normal day cream. Its soft texture is absorbed instantly, giving an opacizing effect to the skin.
