

## FACE CLEANSING STICK

---

Cod. 2373

### Features

The revolution of the facial cleanser that has evolved from a common gel into a practical stick.

A gesture of cleanliness for a well-being of the insured skin. Thanks to its formula, it guarantees a deep hydration of the skin, giving it its natural splendor. A solid detergent that ensures perfect skin cleansing. Thanks to its new formula, it is also indicated as a make-up remover, for all skin types, ( in particular mixed and oily skins). It does not contain preservatives.

### Actives

- **Colloidal silver:** recognized for its anti-bacterial and cicatrizing properties.
- **Volcanic lava powder:** selected for its purifying properties
- **Charcoal:** know for its regenerating and illuminating properties of the epidermis. It captures and eliminates impurities, also regulates the production of sebum, purifying the skin in depth.

### Action

It deeply cleanses without attacking the epidermis, leaving a pleasant sensation of freshness on the whole face.

Practical and fast, it allows an effective rinsing cleaning.

### Use

Wet the stick under water or pass it on the previously moistened face until a delicate emulsion is obtained. Massage gently and then rinse your face thoroughly. Pass the stick under the water to remove the residual foam and let it dry in the air for ten minutes, then close it again.
