

## HYDRA POWER CREAM

---

Cod. 2846

### Features

Its texture blends with the skin, reinforcing and protecting it to rediscover all its natural brightness. Delicate but effective, this cream is suitable for all skin types.

### Actives

- **Hyaluronic Acid microspheres:** an indispensable molecule to prevent the aging signs. It fights fatigue and strengthens the outer layer of the skin, acting as a barrier to counteract external agents.
- **Squalane:** has a moisturizing and protective skin action, thanks to the ability to regenerate the lipid film that prevents aggression from external agents.
- **Avocado Oil:** has an emollient and protective action against UV rays.

### Action

A surprising texture enriched with microspheres of Hyaluronic Acid for an intense moisturizing action. At the application time, the cream melts on the skin, releasing all the benefits that are necessary for the skin, counteracting the formation of wrinkles. Its active ingredients act to fight the signs of aging, to regroup the skin and gives tone and elasticity.

### Use

Apply the cream on the skin perfectly dry and clean. Do not rinse. Day after day, the skin appears relaxed, soft and smooth.
