

ANTI-IMPERFECTION SERUM

Cod. 2076

Features

A light but rich fluid, which allows you to keep your skin healthy and vital, enhancing its natural brightness and providing protection to fight impurities.

Actives

- **Hyaluronic acid:** powerful moisturizer, contributes to maintaining the supporting fibers elasticity by stimulating the collagen production
- **Sebaryl:** sebaceous secretion regulator, improves the structure and comfort of oily skin. Performs an anti-bacterial action.
- **Alpaflor:** helps to reduce the production of sebum in the skin, guaranteeing the pores reduction.

Action

The actives ingredients release allows a correct balance of the skin condition, especially in the secretion of sebum, counteracting the shiny skin appearance. It also maintains a correct hydration level and gives a healthy and radiant appearance. It makes the skin soft and radiant, ensuring vitality and shine.

Use

Apply before the usual treatment, small serum touches on the cheeks, forehead and chin, spreading the product from the centre of the face towards the outside, until complete absorption. Then continue on the neck and décolleté. After a few minutes, proceed with the application of usual facial treatment.
