

SUN CREAM SPF 50

Cod. 3023

Features

A soft and velvety cream suitable for all skin types. Protects, refreshes and acts as an anti-age.

Actives

- **Karité butter:** known for its moisturizing, nourishing and emollient properties. It has a repairing and antioxidant action.
- **Genecare:** a purified betaine monohydrate, extracted from Sugar Beet. Ensures a moisturizing and protective action.
- **Sunscreen:** filter SPF 50, helps to counteract the sun's harmful rays.

Action

A cream with a rich texture, which contains SPF 50 filters to guarantee high protection level from the harmful sun rays. Its active ingredients mix has an antioxidant action of free radicals, the main causes of skin aging. Its texture is quickly absorbed, non-sticky and leaves no-trace.

Guarantees perfect protection, forgetting you have it on your skin.

Use

Apply the product before sun exposure, on the areas you want to protect. Renew the application every two hours, or after every bath. The product is indicated for the first sun exposure and for light and sensitive skin.
