

UNIQUE AFTER SUN

Cod. 3059

Features

An ultra-sensory gel to nourish and moisturize the skin after sun exposure. Its special texture with light touch, slips on the skin and is quickly absorbed leaving it soft and velvety.

Actives

- **Karité butter:** a powerful moisturizer, which stimulates collagen production, slowing down the skin aging process.
- **Argan oil:** antioxidant and anti-aging properties

Action

The micro-encapsulated within this innovative formula in gel, melt in contact with the epidermis giving it all the benefits it needs. Formulated for all skin types, it prolongs tanning and helps to strengthen the skin's natural antioxidant defenses, deeply hydrating it and slowing down the desquamation processes that make the color uneven. Thanks to its soothing action it gives immediate relief. Its texture is quickly absorbed without sticking, and envelopes the epidermis with a delicate fragrance.

Use

Apply the product on perfectly dry body, after a bath or shower, with wide circular movements until completely absorbed.
