

Protective restorative treatment

Cod. 3157

Features

The treatment to reinforce and reinvigorate the hair subject to the styling products stress. It gives the hair softness and counteracts the frizz effect.

Actives

- **Keratin:** it is a protein composed of amino acids, vitamins and trace elements. It invigorates, reconstitutes and strengthens the hair, and guarantees a healthy and soft hair.
- **Patauà oil:** plant native to Amazonian forest, and known for its moisturizing and nourishing properties.

Action

The product is particularly suitable for dry and frizzy hair. Its formula enriched with Keratin and Hyaluronic Acid cleanses in depth without attacking the scalp and ensuring a deeply nourished and hydrated skin.

Creates a protective film on the hair fiber, does not weigh down and guarantees soft, healthy and vital hair.

Use

After washing the hair, proceed the treatment. Apply to damp hair and distribute evenly massaging for a few minutes.

Proceed with styling.

(We recommending using to restorative cleansing bath instead of normal shampoo, for a complete and targeted treatment.)
