

FILLER EYE AREA

Cod. 3052

Features

The area around the eye will be particularly evident under the mask, therefore it is necessary to take care of it more carefully using a product that contrasts the wrinkles formation, especially those with a crow's feet.

Actives

- **Camellia oil:** thanks to its moisturizing properties it gives softness and elasticity to the skin. Its anti-aging action counteracts skin aging
- **Rosehip oil:** has moisturizing properties that help counteract skin aging. It makes the skin fresher, smoother and more elastic, eliminating fatigue signs
- **Grapeseed oil:** has antioxidant properties, which counteract the free radicals' action and atmospheric agents. It also has an astringent and invigorating action
- **Gransil:** has moisturizing, emollient and soothing action. It improves the skin function barrier and makes it more elastic
- **Repulpami:** strengthens and improves the epidermis cohesion, tones the skin surface and visibly reduces the wrinkles signs
- **92% Natural origin ingredients**

Action

The product designed to counteract the dryness due to a long stay in front of the PC or smartphone. It gives immediate relief to the eye area, moisturizes and stimulates microcirculation.

It also decongests the perioculatory area giving a pleasant freshness and relief sensation. Day after day, it smoothes bags and dark circles, making the eye more open rested and alleviating the heaviness sensation.

Use

Apply the required product amount directly to the skin, tapping gently, from inside to the outside of the eye.

Its formula will uniform the affected areas of the eye, giving an immediate result. It does not stick and leaves no trace.
