Action

Its illuminating formula, in a practical stick format, gives an immediate radiant effect to the complexion. Erases dull skin by accentuating facial features, in a gentle and natural way. Emphasize areas of the body such as arms, legs or décolleté. A moisturizing texture that gives a boost of energy to the complexion. Its formula is non-sticky and absorbs immediately.

How to use

Apply the product directly on the skin, without massaging, on the areas you want to enhance. Its formula guarantees immediate action.

I choose it because ...

Due to its stick shape it is ideal to always carry with you, for a quick and bright retouching during the day.
