Active ingredients

BEL EVEN®: A strong active ingredient that reduces skin aging caused by stress and protects skin Collagene resulting in improved firmness and elasticity

preBIULIN® FOS: Prebiotic that makes skin microbiota and skin more resistant generating a barrier that preserve skin health and beauty longer

NewEX Hydra YLANG YLANG: Ylang Ylang's idrolates extract with moisturising and soothing effect that leave the skin radiant and toned

EXTRAPONE® LOTUS FLOWER: Lotus Flower extracts that acts as an astringent and antioxidant; it has anti-microbial and anti-irritant properties

Benefits

A fluid texture that melts in contact with the skin. A massage is needed for the absorption allowing to take a regenerating break. The skin is hydrated, elastic and toned.

The mix of active ingredients strengthens the skin barrier: it increases resistance to external aggressions preserving the health and the natural beauty of the skin for longer.

A gesture of "self-love" for your skin and yourself.

Key words

- Moisturizer
- Fondant
- Protective
- Regenerating

How to use

Apply generously to perfectly dry and clean skin.

Massage slowly and with large circular movements until completely absorption. Its texture is ideal for a self-skin massage, as a gesture of self-care and to boost your energy.
