Active ingredients

SYMFIT® 1617: An innovative «anti-cellulite» ingredient that diminishes the appearance of cellulite resulting in smoother and more toned skin. It helps to restore elasticity, firmness, and softness of the skin

SWEET ALMOND OIL: selected for its emollient, softening, nourishing and soothing properties. It is suitable for all skin types for its anti aging activity. It is mainly used for the treatment of dry and reddish skin. It integrates very well with the hydrolipidic film, preventing the evaporation of water from the surface of the skin.

Benefits

A scrub designed to be used as the first step in the treatment of cellulite. The presence of salt guarantees the removal of all impurities from the skin, leaving it completely free and extremely reactive to the following products applied.

Its texture is effective, but respectful of the skin that remains soft and silky after exfoliation.
